ALMOST KILLING CHILD.

The national capital was visited yesterday afternoon by typical spring showers, with thunder and lightning accompaniment, as the official weather prophet, for The Sunlightning came about 2 o'clock, and the that window panes rattled. The storm clouds which emitted the flashes of electricity were low in the sky, and one instance is recorded in which a chunderbolt struck a dwelling with nearly fatal results to one of the inmates.

Little Charles Hessner, the five-year-old son of William H. Hessner, of Leat Pleasant, Md., near Benning, D. C., was stunned by a bolt of lightning during the tnunderstorm yesterday afternoon, and when first picked up was thought to be dead. The physicians who were summoned thought there might be a spark of life left and worked over the child for about an hour, administering restoratives. They were fnally successful in overcoming the coma. The boy is in a very serious condition, however, but hope of his recovery is enter-

Mr. Hessner's house was damaged by the lightning. Venerable citizens, who base their weatherwise predictions on a long observation of the meteorology of the District of Columbia, declare that the thunder showers

of yesterday were sure harbingers of an early spring, and that the "backbone of winter has been broken."

Rain is predicted for tomorrow by Prof. Garriott. He says general snowfalls will prevail in the lower lake region and in New York state, but the precipitation bero. The old saying that the first thunder of the season arouses the snakes from their long winter's nap and starts them into a life of activity again is not a myth, like the tale of the groundhog, according to an official of the fish commission. This official informed a Star reporter today that several water moccasins had been seen this morn-ing in the fish pords in the rear of the White House. These ponds form a favorite haunt for water snakes of the mecc sin variety, as the reptiles feed upon the small bass and other fishes that are propagated there by Uncle Sam.

Weather conditions and general forecast. The southwestern disturbance of the last few days is now passing through New England, and another from British Columbia has moved southeastward to the Ozark mountains without precipitation, except some snow, caused by the cold high area immediately to the northward. Still another disturbance is approaching the north Pa-

The child, seeing an object in the street, ran to get it just as car 516 of the Tenleytown line came in sight. Before she could get off the tracks the car was upon her. Taking in the situation at a glance, Motorman William Volgt threw nis weight against the release to the fender, and the little girl was safely caught in the rope net and carried some distance before the car was finally brought to a standstill. As soon as the car had been stopped Conductor Simpson hurried to the fender and picked the little girl up. He then carried her to the home of her parents, where it was found that, with the exception of several slight bbruises to her

face, she was uninjured. Engineer Commissioner Biddle and several of the officers of the Great Falls and Old Dominion Railroad Company made an inspection this morning of the workings of the new fender that is shortly to be placed upon the front of the cars of this company. Mr. Esselstyn, the superintendent of construction of the Westinghouse, Church, Kerr Company, and several of those in charge of the operating plant of the railroad company were present. A dummy was placed on the track and was picked up with the car going at a good

rate of speed.

The physicians of Georgetown Unithe physicians of Georgetown University Hospital stated this morning that the condition of Garfield Wheeler, the colored man who fell from a car in Georgetown on Wednesday, was improved somewhat. Wheeler was standing on the rear platform of a moving car and in rear platform of a moving car, and in some way or other lost his balance and fell on his face upon the hard concrete street. The physicians at the hospital state that he broke all of the bones of his face, including the upper and lower jaw bones, nose and the two bones of his forehead. It will probably be some time before he will be able to leave the insti-

Dead Infant Found.

Richard Burgess of Bethesda, Md., while walking through the woods between the Brookville road and Connecticut avenue about 2 o'clock Saturday found the dead body of an infant lying near the center of a group of trees. He immediately notified Policeman Blake of the seventh pre-cinct station and the body was taken to the substation in Tenleytown. The morgue was also notified. Harry Ward, a small boy, whose parents

reside at 3225 Prospect avenue nort west, narrowy escaped being run over by Capital Traction car No. 228 late yesterday aft-ernoon. The child attempted to cross the street near his home just as the car started down the street. He was caught upon the fender and carried some distance. His mother was near and after the child was rescued from his position upon the fender she carried him home. The boy, with the exception of several slight bruises, was unliqueed.

The condition or Mrs. Mary Murphy of 1127 9th street, who was conveyed to Georgetown University Hospital several days ago suffering from pneumonia, is somewhat improved this morning. Wednesday Mrs. Helen Russell, a daughter of Mrs. Murphy, was taken to the hospital for treatment, and Mrs. Murphy accompanied her in the ambulance.

As the vehicle was going down Rhode Island avenue northwest below 14th street the horse suddenly became unmanageable and ran away. The driver did all in his power to stop the animal, but it covered a distance of several squares before he got control of the reins again. In the meantime both of the women had been considerably shaken up. In the afternoon Mrs. Murphy returned to her home, where pneumonia later developed, and the ambuance was again called to the house and the sick woman conveyed to the hospital.

A large army wagon in charge of Lieut.

Dietrich and driven by Private Roberts of Troop G of the 13th Cavalry, Friday evening about 8 o'clock collided with the horse and buggy of Mr. J. E. Dyer of 3324 M street northwest. The mule hitched to the army wagon became scared at a dog in the street and ran for a short distance before colliding with the smaller value. colliding with the smaller vehicle. Small lamage resulted.

Much interest has been shown at Georgetown University and in the athletic circles of the blue and gray on account of the announcement that Leo Martell, the crack Georgetown University base ball player, would be seen this season in a uniform of either the Boston American League team or that of the Boston Nationals. Martell, it is said, has offers from both of the managers and it is more than probable that he will accept the offer of the manager of the American League team, as it is said that he would much prefer playing in the American League than in the National League. Martell is studying medicine, it was expected that when he returned to college during the past fall he would be a member of the foot ball team, but the strict eligibility code of the blue and

gray which was adopted disbarred him from playing. Housebreaking is the charge upon which Arthur Staton, colored, was arrested this morning and turned over to Precinct Detective Howard Vermillion of the sixth precinct. It is alleged that the colored man climbed through the window at the tailoring establishment of D. Ustman, 48 C street, Friday night and stole fifteen pairs of trousers and two coats and vests. Staton was employed in a building near the tailoring establishment. It is alleged that he was trying to dispose of some of the stolen property at the time of his arrest. Staton admits that he endeavored to sell the clothing, but denies that he committed the theft. He is held for a hearing in the Police Court tomorrow morning.

ONE INSTANCE OF LIGHTNING ADA COPP NARBOWLY ESCAPES FUNERAL SERVICES AND INTER-MENT THIS AFTERNOON.

> Ada Copp, the three-year-old daughter of The Deceased Was Disbursing Clerk of the Treasury Department and Widely Known.

> > Maj. George Ansel Bartlett, disbursing clerk of the treasury since 1881 and a resident of this city for forty years, died early yesterday morning in his sixty-fifth year at his residence, 1004 Newton street, Mount Pleasant. Funeral services were held at 2 o'clock this afternoon at the house and Interment was made at Rock Creek cemetery with Masonic rites. Maj. Bartlett was prominently identified with several local organizations and had a wide circle of friends, who mourn his death. He had no superior as a disbursing officer and was trusted implicitly by many Secretaries of the Treasury.

> > The services at the house were conducted by Rev. J. W. Chickering. The pallbearers were selected from the Masonic bodies to which he belonged. He was a thirty-sec-ond degree Mason and a Mystic Shriner,

George A. Bartlett. and was also a member of the Union Soldiers' Alliance and the Union Veteran Le-

gion, which organizations were represented at the funeral. Native of New Hampshire.

Maj. Bartlett was born in Kingtson, N. H., April 23, 1841. His ancestors had been prominent in the affairs of the state since its beginning. After being educated in the district school and the Kingston Academy he went to Lawrence, Mass., at the age of sixteen and became an apprentice in the belting business. When the civil war commenced he enlisted in the 2d Company the 14th Massachusetts Infantry, serving for three years. He was twice recommend-ed for promotion on account of bravery, but declined, preferring to remain the boys.'

His life in this city began in 1866, when he was appointed to a position in the office of the paymaster general of the army. He resigned this position two years later. He again entered the public service in 1871, this time as a clerk in the Treasury Dedling of \$6,000,000 annually He was always interested in the local

militia and organized the old Treasury Guards of that body. He ranked as major in the department battal on. He leaves a mother, Mrs. Sally Fellows Bartlett, who is ninety-two years of age and lives in Haverhill, Mass.; a sister, Mas. Dora B. Hunt of the same place; a brother, M. M. Bartlett of this city; a son, George T. Bartlett of this city, and a daughter, Mrs. J. H. Hess, wife of an army dealist, at present stationed in the Philippines. His wife, whose ma'den name was Miss Soffa Dodge, and whom he married in 1865 in Salem, Mass., died last February, Maj. Bartlett had been ill for the past

Liquozone by What It Does.

It is not our practice to publish testimonials on Liquosone. We prefer to buy the first bottle, and let the product itself prove its power. A simple test will do more to convince you than any argument or claims. We ask you to learn, at our expense, what this wonderful product means to

If you are sick, use Liquozone to get well, as millions have done. Learn what it does that other remedles have not accomplished. If you are well, use it to keep well, to ward off germ attacks and as an invigorant.

What Liquozone Is.

The virtues of Liquozone are derived solely from gases, by a process requiring large apparatus, and from 8 to 14 days' time. No alcohol, no narcotics are in it. Chemists of the highest class direct the making. The result is to obtain from these harmless gases a powerful tonic-germicide.

The great value of Liquozone lies in the fact that it .s deadly to germs, yet harmless to you. Germs are of vegetable origin; and this gas-made product, when absorbed by them, stops their activities. We publish an offer of \$1,000 for a disease germ that it cannot kill. But to the body Liquozone is exbilarating, vitalizing, purifying. It is helpful in the extreme.

That is its main distinction. Common germicides are poisons when taken internally. That is why medicine proves so nearly helpless in a germ disease. Liquozone is a tonic.

It is understood that steps are being taken to bring about the passage of the measure at the earliest practicable moment in order that the investigation of the sensational charges preferred against the hos-pital by the Medico-Legal Society of the District may be considered as soon as pos-sible. The next meeting of the board of visitors has been set for next Wednesday forenoon, and it is said that unless those who made the serious allegations against the institution appear at that time on their

own volition the meeting will be adjourned until action is taken on the Grosvenor bill by Congress. The matter of compelling the attendance the investigating committee of the Medice-Legal Society and its witnesses was placed in the hands of Judge Maury, a member of the board of visitors, who is also its legel adviser, and the bill intro-
